Procedure

The building and facilities in which Concord OSHC runs out of are the responsibility and ownership of Concord Public School.

The Centre Director in consultation with the Management Committee and School Principal will ensure the appropriate measures are carried out to maintain the effective management of the building and facilities, including timely repair of concerning issues.

The school cleaner and Centre staff will ensure any waste left in the Centre at the end of every shift is disposed of daily.

The school toilets will be cleaned by the school cleaner during Term Time. Concord OSHC educators will carry out regular checks to ensure there is adequate supply of soap, paper towels and toilet paper and will notify the School should this not be adequately stocked by the school cleaner. During Vacation Care, educators will be responsible for ensuring the cleanliness of the school toilets and the supply of toilet paper, hand towel and soap.

The school, along with the Centre Director, will routinely monitor and ensure necessary measures are taken to maintain a pest and vermin free environment (see B-5 Pest Control Policy).

The building and facilities will be in compliance with National, State and Local building and fire codes.

The Management Committee will ensure the contents of the facility are insured to adequately protect the service in the event of theft, loss or damage.

All trees, plants and grassed areas surrounding the building will be monitored and maintained by persons employed by the Department of Education and Training.
